Address:

**Doylestown**

Price:

**175.00 \$**

This is the camera I got my start on as a professional photographer. I have since upgraded and want to pass this along to another photographer. This camera is powerful enough for a professional but manageable for an amateur as well.

The camera body shows a small amount of wear, but it is all superficial. No scratches on LCD screen. Everything works well. Camera has been cleaned professionally, including image sensor.

I'm including a strap, cleaning cloth AND extra battery! That's a bonus worth \$50

I'm willing to negotiate on the price and I'm offering a discount if you purchase my zoom lens along with the body (a Canon EF-S 55-250 Lens with Image Stabilization) lens is worth \$100...I'll sell the package for \$250

The EOS 30D incorporates a host of features with Canon's highly acclaimed 8.2 megapixel CMOS sensor and DIGIC II Image Processor. The EOS 30D includes enhanced operational features such as a 2.5 inch LCD monitor, travel metering, a 1/8000 shutter speed and Canon's Creative Style.
