Address:

**Greenville**

Price:

**75.00 \$**

Dianne's Pet Projects Obedience and Training teaches all aspects of obedience and training. From puppy to service to therapy training, I can assist you with what you're looking for. You may ask yourself why you should go with my training over other programs available. The answer quite simply is that I come to you. My philosophy is that if I can't see a problem, I can't help you fix it. I do use treats, but only to train the behavior. Once the behavior is learned, we wean off the treats and your dog learns to be obedient because it is expected to be obedient and not because I have a cookie waiting. That behavior is a performance trained dog and not an obedient dog. I also give you the tools to have a mannerly dog. Manners consist of not rushing people and guests as they enter the home, sitting quietly next to you as you are either sitting watching TV or when you are out on a walk and would like to stop and talk to someone, not jumping on people in the home, not begging for food, walking nicely on a leash and not dragging you down the street.

My fee is \$75 per lesson or 5 lessons for \$350 and is for the Kingsport, Blountville and Johnson City area. If you live elsewhere the price is raised due to travel time.

If you are interested in Service Dog Training, I would first need a letter from your Doctor on his letterhead or on a prescription script that your disability is such that you would benefit from having a Service Dog. If you have a dog in your home presently, you would need to have the dog's breed, temperament, sex, to determine if she is a good candidate.
