In EXCEPTIONAL condition, this group of appliances were all in the condo I just bought. The dishwasher looks like it wasn't used but a dozen times, two were by me this week. I was amazed how quiet it was and the dishes were so shiny! The refrigerator is like brand new; well, so is the range. The microwave has a bit of damage at the very low point of the door on the inside. I am selling because I completed a set of black stainless steel appliances. ALL of these look and operate great!

Just reduced from a reasonable \$650.

I could deliver to your curb for a small additional fee, depending on where you want it delivered.
