For sale. Pulaski Keepsake dining room set; solid oak and oak veneer. Includes two piece china cabinet, 48" ball pedestal claw foot table with two 14" leaves and 6 chairs. China cabinet has two beveled glass doors with a glass shelf behind each. These two are lighted, but I'm sure the bulbs have been burned out for years. Original porcelain knobs; two are not attached but I have them. No nicks or scratches. Table top has some minor wear; the two leaves each have some minor wear also... tried to get closeups as best I could. The chairs all need to have the seats replaced. I have the replacement materials, but personally, I'd get solid seats in them. \$500 for all pieces; or \$400 for china cabinet; \$200 for table, leaves and all 6 chairs. Smoke free home. You will have to carry out and transport.
