Price:

**115.00 \$**

Dyson vacuum is in excellent mechanical condition and runs as good as the day it was manufactured. Only minor issue is it needs a new belt, I have upgraded for Christmas to a Shark and have decided to share a great item with someone else. Dyson vacuums are very popular. They are very popular for being powerful deep cleaners and since they are bagless you will never have to buy bags for them. They are designed to not loose power as they fill up with dirt like other vacuums.

Mini Turbine Head - Cleans pet hair from confined spaces.

Carpet care kit - Keeps new carpets looking new.

Low reach floor tool - For easier cleaning under low furniture.

Brush Control - Brushbar turns off to protect rugs and delicate floors.

Root Cyclone™ technology

The only quick-draw hose

Telescope reach™

Instant stair cleaning

Wide channel for large pieces

Hygienic and quick to empty

Approved for allergy sufferers

Lifetime 2 year warranty

Approved for allergy sufferers

Lifetime 2 year warranty
