Address:

**Shoup & Sherman Way, San Fernando Valley, Canoga Park**

Price:

**500.00 \$**

One of the best all-around full-size luxury scooters. This is an "excellent condition", used Electric Scooter with minor scratches! Has very low mileage. It has been stored inside a condo & not exposed to outside elements! Airless front and rear tires and two new MK U1 Batteries installed. It comes with both front & rear detachable baskets for hauling all your needs.

This scooter has a state of the art rear suspension, a dual-bulb adjustable lower headlight, tiller-mounted turning signals, a high-back swiveling, reclining, sliding leather seat, & a reinforced front nose section for durability. The rear suspension in combination with the airless tires provides a smooth, flat free ride. The dual-bulb headlight lights up pathways at night. The tiller-mounted turning signals alerts everyone around & makes it safer. The high-back reclining & sliding leather seat with a headrest is one of the nicest seats on a scooter. The scooter has a reinforced front end with a 350 lb weight capacity & a maximum speed of 5.75 mph. Turning radius is 41" & it measures 45.5"long x 24" wide. The drive train is a sealed transaxle, 24-volt DC motor with a dual electronic, regenerative & electromechanical braking system & a 3 amp battery charger

on-board & comes with a hard. Great deal it won't last. Asking \$500.00
