Address:

WiReCar Drive, East, Black Mountain

Price:

80.00 \$

## GET READY FOR THE WINTER!

Deep freeze runs quite and smooth. In great condition with obvious usage. IE. Scratch on shelf: which there is only one. Some wear and tear on bottom. Lid has light rustwear. Can be sanded with low grit and spray painted. I covered it with a towel. Freezes quickly with low to no frost. Rubber seal is tight and does have some light staining but remains intact all around. Very dependable from reputable company. REVCO is a company known for manufacturing below zero freezers for medical storage. This freezer is a food storage freezer.
